

LUCERNARIUM SLIM

The new generation of Lucernarium creates linear polarizing light to simulate sunshine passing through the window by a 30° angle. It helps to balance our inner clock with our physiology on the different phases of the day

PRODUCT DIMENSIONS

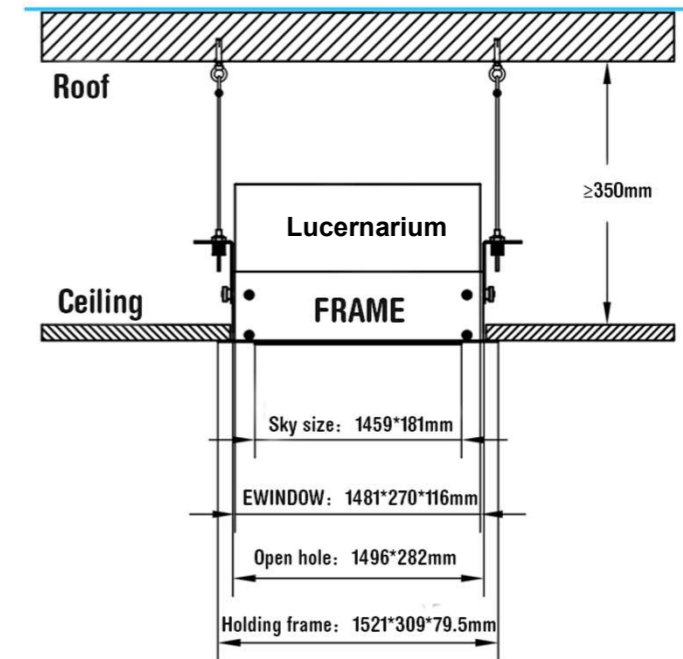

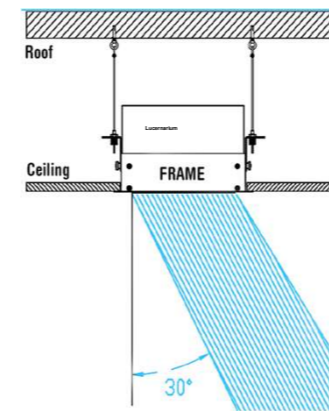

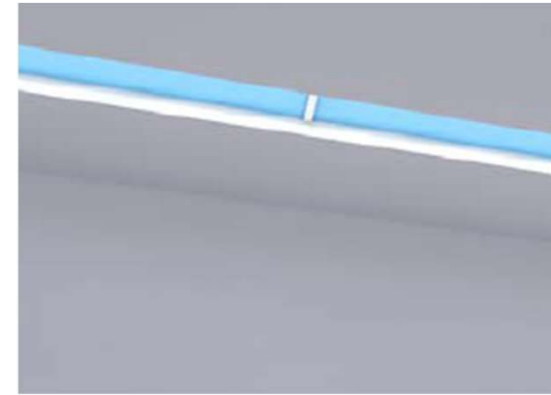

Open hole:	1496x282mm
Holding frame:	1521x309x79.5mm
Lucernarium	1481x270x116mm
Sky size:	1459x181mm
Roof spacing	350mm

PRODUCT DESCRIPTION

Colour	White
Weight	17kg
IP grade	IP50
Temperature	-20°C - 40°C
Certifications CE	
Power	100W
Lifetime	50.000 hours
CCT	2500K-10.000K

CONTROL

Circadian controller

GOOD NIGHT

Digital Addressable
Lighting Interface

. Supports DALI DT8 control for colour temperature control and dimming.
